FOREWORD

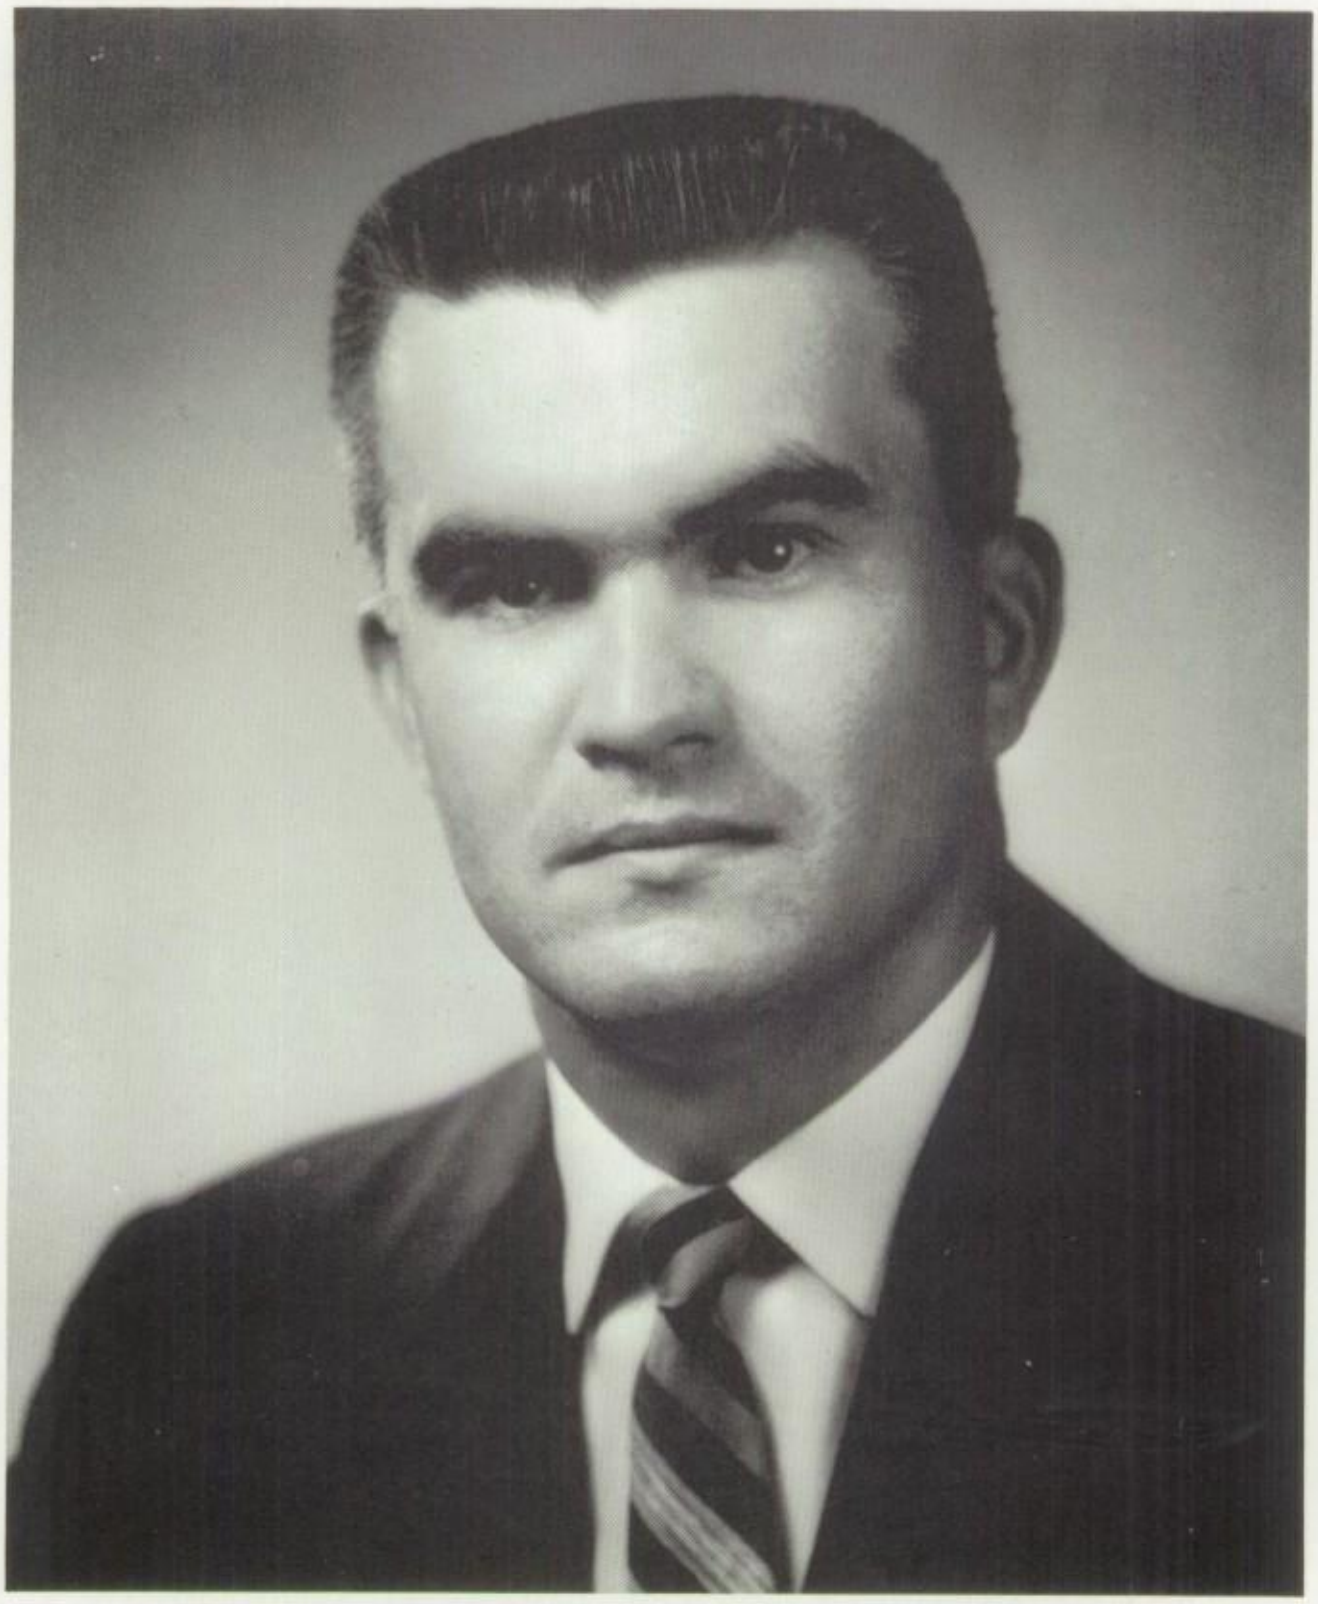
In the fall of 1958, when Steelton-Highspire High School opened its doors for the first time, over eleven hundred pupils assembled to gaze in wonder and delight at the new and shining edifice. As the youngest of these pupils we, the class of 1964, were most bewildered by new rooms, halls, and lockers. Now, as seniors, we are the first class to complete six years of education in this building.

It is our earnest hope that we have attained both wisdom and stature during our high school years, and that we will go forth bringing credit and honor to ourselves, our parents, and our alma mater.

For this, the seventh annual edition of the Steel-High, we have chosen to use, as our theme, a review of the construction of our school.

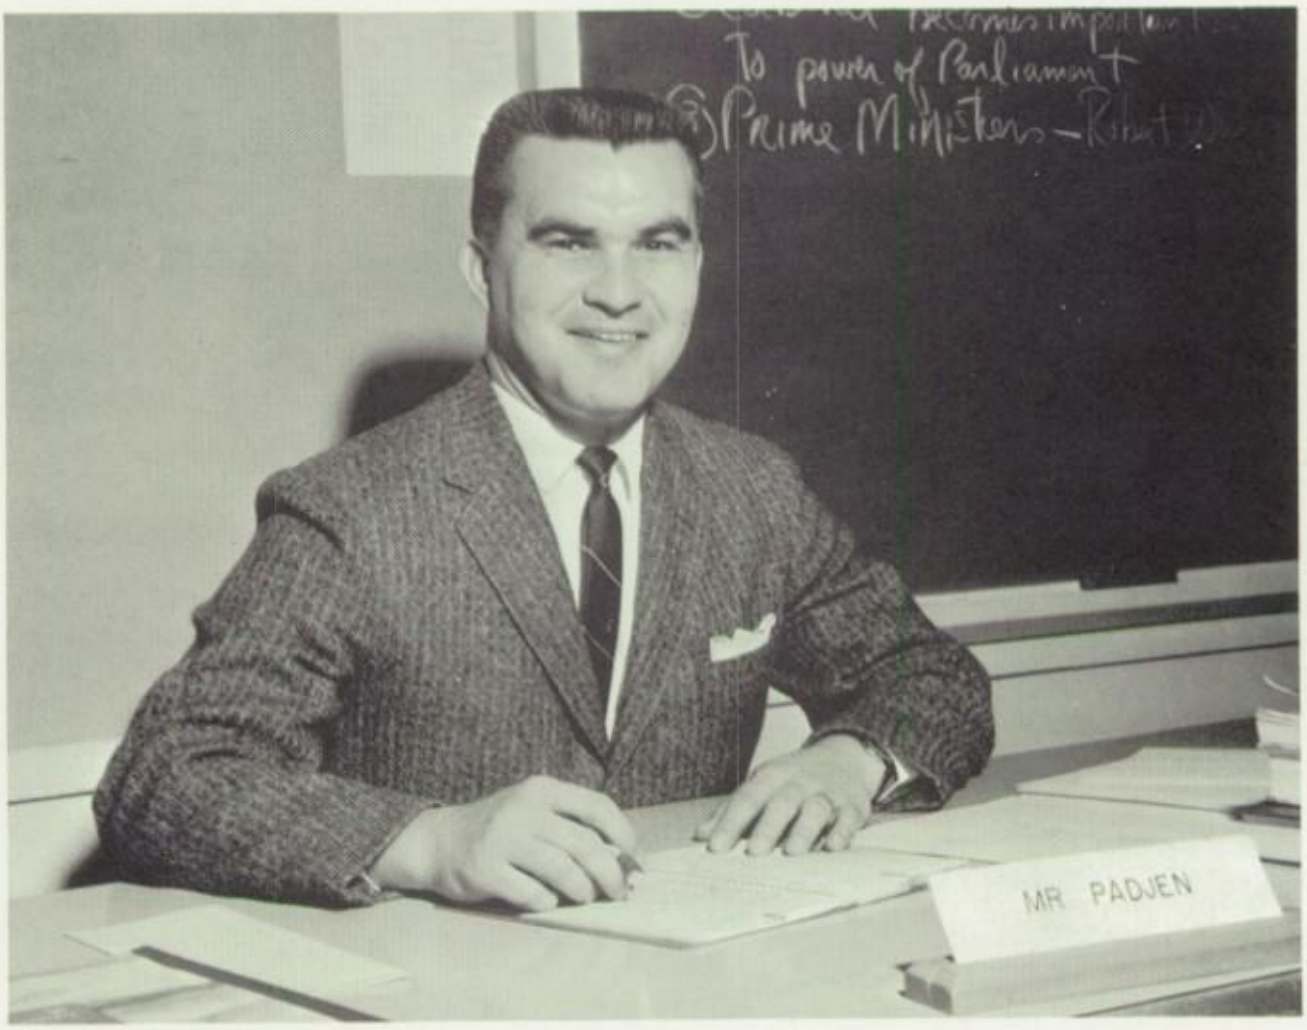
DEDICATION



ANDREW PADJEN

We, the class of 1964, take pride in dedicating this volume of the Steel-High to Andrew Padjen, who, through his efforts on the basketball floor, on the gridiron, and in the classroom, by his personal example and teaching, has shown the principles of good citizenship and good sportsmanship to all his students.

He will long be remembered by our grateful class, who wish him continued success in the years to come.



To powers of Parliament
Prime Ministers - Robert
MR PADJEN

CLASS SONG

That time of year has come at last,
When we Seniors must take our stand
And face the decisions that come this year
With cap and gown in hand.

Our highway plotted, our needs defined,
Our purpose plain to view
Have taken form within these walls,
The school to which we're true.

It was planted, watered, cared for,
This seed within our soul,
Which will through determined learning
Guide us to our goal.

We owe to our Alma Mater,
The Royal Blue and Gray,
Our loyalty and love unfailing
For courage to make our way.
